Stirling Council Schools, Learning and Education

Stirling Council is committed to working in partnership with our communities to deliver the best possible services for all who live and work in the Stirling area.

We have a clear focus on achieving the highest standards in our schools and nurseries so that the children, young people and citizens of Stirling benefit from first class services.

Education is key to every child's future and enables us to create a fairer and more inclusive society, where our young people secure positive destinations when they leave school.

We attach great importance to lifelong learning, giving children the best possible start in life from nursery, through school, to life beyond school.

We want all children and young people growing up in Stirling to be: safe and happy; listened to and respected; engaging in a wide range of active learning opportunities; and achieving positive outcomes.

We will realise this ambition by putting children and young people first, promoting inclusion and delivering high quality services.

The needs of our children and young people will be best met by working effectively together with parents, carers and a range of partners. We want parents and carers to be involved in their children's learning.

We look forward to working with you, as your child embarks on their transition to a new school.

A handwritten signature in black ink, appearing to read "Kevin Kelman".

Kevin Kelman
Chief Education Officer
Stirling Council
November 2016

WELCOME FROM THE HEADTEACHER

Dear Parent/Carer

Welcome to Aberfoyle Primary School. This brochure will, I hope, help you to understand more about our school. We are very conscious of our responsibility to the children in our care and, in partnership with you, will strive to ensure your child reaches their true potential. We hope your child will be happy with us at Aberfoyle. We like to think of our school as providing a warm, safe and caring environment.

If you require any further information please do not hesitate to contact us.

With best wishes

Mrs M J Barwick
Head Teacher

DESCRIPTION OF THE SCHOOL

School Profile

Aberfoyle School, the Kirk and the Schoolmaster's House was built and opened in 1870. Further accommodation was built onto the school in 1906 and 1954 and in 1978 when a kitchen was also added. From its opening the school catered for the children in the area of all age groups until 1973 when it became only a Primary School, with children transferring to McLaren High School, Callander. All children from Braeval in the east to Kinlochard in the west attend the school. In the autumn of 2008 the Horsa Hut was rebuilt and our nursery and P1/2 class now occupy this building.

Our nursery class was established in 1997 and caters for children from 3 years of age. The children have a wide range of experiences and input from the surrounding communities is a valuable contribution to enhance the children's time spent in nursery. We follow the curricular guidelines from Stirling Council and the Scottish Government. A separate brochure is available for the nursery, which will give you details about the curriculum and other aspects. At present the nursery operates from 09.00 – 15.00 Monday to Friday including lunch provision, if required from 11.30 – 1230. Children are entitled to 12 ½ hours per week free of charge, after which there is a fee of £2.85 per hour for which the school issues an invoice.

Expectations

Aberfoyle Primary School enjoys a good relationship with the community it serves and seeks to continue and build upon this foundation. We work to establish a curriculum of relevance and quality, which meets the needs of all children. Teamwork is essential in all aspects of school development, drawing together the contribution of individuals. Good relationships are fundamental in all aspects of our work involving children, parents, staff and visitors. Behaviour is good and we incorporate responsibility to enhance the ethos of the school.

The School Day

Morning session	9 am – 10.30 am
Morning interval	10.30 am – 10.45 pm
Lunchtime	10.45 am – 12.15 pm
Afternoon session	1.00 pm – 3.00 pm

Breakfast Club

Since August 2014, we have been offering a breakfast club for primary pupils. This begins at 8am each morning at a cost of £2 per session.

Each year depending on our intake from nursery and as children move through school the complement of our classes can change. For 2016/17 we have P1/2 P3/4, P6/6 and P6/7. In January of each year, once Primary One children have enrolled for the coming academic year, we can begin to make informed decisions for the next academic year. If it is deemed necessary to divide a year group parents are fully consulted at the earliest stage.

End of Day Arrangements

Please ensure that your child knows whom he/she is going home with at the end of the day and keeps to that arrangement. If no adult turns up to collect a child we ask them to come back into school and wait inside where they are safe and warm until we can contact the parent/adult. We understand that sometimes things do not always go according to plan and are happy to keep your child safe inside until you or the designated adult arrives. It is very important that your child/ren know this procedure.

Open Door Arrangements

Parents are welcome to visit the school however we ask that an appointment should be made where possible. Visits to the Head Teacher or class teachers can best be arranged before or after school but we ask that you telephone us to arrange a convenient time, as staff are often involved in after school activities. On your arrival at school, please report to the office in the first instance.

SCHOOL VALUES, VISION AND AIMS

At Aberfoyle, we strive to provide caring secure surroundings where expectations are high and we have opportunities to learn together for the future.

Values

Respect Kindness Determination Honesty Responsibility

Vision

Our vision for Aberfoyle Primary is to explore the excitement and possibilities of education for all pupils. We seek to encourage inquiring minds in our pupils and help them obtain the tools required to become successful learners, confident individuals, effective contributors and responsible citizens. Through teamwork with parents, staff, pupils and the community we hope to encourage and support pupils in their endeavours across a broad curriculum.

Aims

- To engage children in the learning process through providing high quality and challenging learning experiences.
- To allow children to learn through questioning, exploration, investigation, discovery and inquiry.
- To provide a stimulating and relevant curriculum that will equip children with relevant life skills and support independence, choice and progression.
- To provide a safe, caring, supportive and inclusive environment where everyone feels valued and respected.
- To provide children with practical skills which they can apply to their everyday lives.
- To provide significant opportunities for outdoor learning and to allow children to gain an understanding and appreciation of their local environment.
- To provide opportunities for children to voice their opinions and be involved in the ongoing process of change and improvement.
- To encourage active participation and clear communication with parents / carers, in relation to all elements of school life.

SCHOOL IMPROVEMENT PLAN

Our 2016/17 School Improvement Plan encompasses those areas we have identified through self-evaluation as well as Council and National Priorities.

As part of our self-evaluation we have a continuous cycle of policy review and implementation; thus ensuring these adequately reflect the needs of our pupils, parents and the school. All staff, and when appropriate pupils, are involved in both developing and reviewing these. Each member of staff ensures that the education your child receives is of the highest quality.

CURRICULUM

Curriculum for Excellence

Bring learning to life and life to learning

All Scottish schools follow Curriculum for Excellence for 3-18 year olds. The aim of Curriculum for Excellence is to raise standards, prepare our children for a future they do not yet know and equip them for jobs of tomorrow in a fast changing world.

Curriculum for Excellence enables professionals to teach subjects creatively, to work together across the school and with other schools, to share best practice and explore learning together. Glow, Scotland's unique, world-leading, online network supports learners and teachers in this and plans are already in place for parents across the country to have access to Glow.

Teachers and practitioners will share information to plan a child's 'learning journey' from 3-18, helping their progression from nursery to primary, primary to secondary and beyond, ensuring the change is smooth. They'll ensure children continue to work at a pace they can cope with and with challenge they can thrive on.

Curriculum for Excellence balances the importance of knowledge and skills.

Every child is entitled to a broad and deep general education, whatever their level and ability. Every teacher and practitioner is responsible for literacy and numeracy – the language and numbers skills that unlock other subjects and are vital to everyday life. It develops skills for learning; life and work to help young people go on to further study, secure work and navigate life. It brings real life into the classroom, making learning relevant and helps young people apply lessons to their life beyond the classroom. It links knowledge in one subject area to another helping children understand the world and make connections. It develops skills so that children can think for themselves, make sound judgements, challenge, enquire and find solutions.

There's personal support to help young people fulfil their potential and make the most of their opportunities with additional support wherever that's needed. There is an emphasis by all staff on looking after our children's health and wellbeing – to ensure that the school is a place where children feel safe and secure.

Ultimately, Curriculum for Excellence aims is to improve our children's life chances, to nurture successful learners, confident individuals, effective contributors, and responsible citizens, building on Scotland's reputation for great education.

Curriculum for Excellence Areas of Study

Literacy and English Listening and talking Reading Writing Core Materials Pearson 'Story World, Literacy World and Models for Writing Leisure readers Ginn 360 Oxford Reading Tree and related materials Nelson skills and development and Nelson spelling Phonics programme P1/3 – Jolly Phonics	Numeracy and Mathematics Number, money and measure Information handling Shape, position and movement Resources Heinemann Mathematics P1-P7. This is a comprehensive and practical maths scheme with in-built check-ups and assessment. Teachers also supplement this by the inclusion of their own written materials, which provide support and extension.
Sciences Planet Earth Forces, electricity and waves Biological systems Materials Topical science	Health and Wellbeing Mental, emotional, social and physical wellbeing Planning for choices and changes Physical education, physical activity and sport Food and health Substance misuse Relationships, sexual health and parenthood Sexual Health and Relationships The authority has a Sexual Health and Relationships Education Policy, which includes guidelines and protocols for partnership working with parents and external agencies. However, our policy is currently under review. Parents have the right to withdraw their child from sex education.

	Young People and Substance Use There is an authority policy on young people and substance use, which includes guidance on dealing with incidents in school.

Social Studies People, past events and societies People in society, economy and business	

LEARNING AND TEACHING

The primary aim of teaching is to facilitate pupil learning. On this basis teaching is taken to mean supporting students to learn by providing stimulating and engaging learning experiences. At Aberfoyle, Learning is an interactive process where pupils make connections to the world around them through exploring and discovery and is not isolated from teaching – the two are simultaneous and not the exclusive role of a teacher.

Learning and teaching aims for joined up learning from nursery through to P7 and is defined by all key stakeholders – the pupils, teachers, parents and the wider community. Effective learning and teaching will ensure that children reach their full potential through a holistic approach - engaging the whole child.

ASSESSMENT

Assessment is an integral part of learning and teaching across the curriculum. As part of the principles underpinning 'Assessment is for Learning' and 'A Curriculum for Excellence' we have a range of processes and procedures to measure pupil progress; children work within Early, First and Second Level.

Assessment of each pupil is continuous and assists in monitoring progress and enables teachers to plan appropriate learning experiences. However, it is crucial that pupils have ownership of their progress too, so whilst celebrating their achievement/attainment they are equipped with the necessary skills to set themselves realistic but challenging goals.

At the end of each academic year a copy of your child's academic progress is sent to you which offers an overview of your their progress.

Home Learning

The phrase 'home learning' defines any activities which children are asked to do outside lesson time, either on their own or with the support of adults. There is a very useful site for parents to visit regarding a number of issues including home learning, www.parentzonescotland.gov.uk.

House System

As part of our positive behaviour management policy we have an established house system. Children are allocated a house once they begin school and if they have older siblings we ensure that they are linked to the same house. The house system promotes team work and our Primary 6/7 children are responsible for managing their house in a range of activities throughout the year.

Support for Learning

Careful monitoring of progress gives teachers the opportunity to address the needs of those pupils who are not achieving their potential or exhibit specific difficulties which impact on learning. It also highlights the needs of individuals who need more challenging and stimulating work, appropriate to their learning needs. Our Additional Support for Learning (ASL) Teacher specialises in this area and can be utilised in the classroom, with small groups or individuals. The ASN department and other professionals also provide advice and support, if this is considered necessary.

We use Staged Intervention as a method of identifying children's individual needs and how best to support them. Parents are fully consulted before their child is added to our record of concern or as they move in to the staged intervention process. Should you have any concerns regarding this please contact us.

Special Educational Needs

All pupils, including those with special educational needs are entitled to participate in, and benefit from, a broad, balanced curriculum. In school, we plan a programme of work appropriate to the ability of the child. We work co-operatively with specialist teachers when needed in order to meet the needs of all pupils in our care.

PARTNERSHIP WITH PARENTS

We believe that it is the responsibility of the school to keep parents informed of their child's progress. We do this in a variety of ways:

- by hosting open afternoons to enable parents to see their child's work and the ongoing work of the school-led by your child
- early Parents' Evening at the beginning of each academic year
- issuing pupil progress reports towards the end of the summer term of each school year
- parents' evenings where you have the opportunity to discuss your child's progress in greater depth with their teacher
- assemblies
- curricular or information sharing opportunities
- seasonal events.

SCHOOL UNIFORM

We encourage the wearing of school uniform at all stages within the school. The uniform consists of:

- ***navy blue reversible fleece***
- grey/black trousers/skirt/ pinafore
- grey jumper or cardigan
- white shirt
- ***blue and gold tie***
- ***royal blue sweat shirt***
- ***navy blue polo shirt***
- ***navy blue t-shirt & shorts for PE***
- in summer girls may wear blue and white striped or checked dresses
- ***home learning bag***

We stock all items in bold italics which can be purchased from the school office. There are forms of dress which are unacceptable in school, such as items of clothing which potentially encourage fashion (such as football colours) or any which carry advertising particularly for tobacco or alcohol. We encourage children to have a change of footwear particularly during wet or wintry weather. A painting shirt/overall should be provided for art and craft work. Gym kit – t-shirt, shorts and gym shoes/trainers can be left in school. Gym bags, or any draw string bag ensures all kit is kept neatly in the cloakroom. Jewellery cannot be worn during any PE activity.

In Primary 7 children wear a different uniform which gives them recognition and kudos. The uniform is similar to what they will wear at high school which also allows for a seamless transition.

SECONDARY SCHOOL

At the end of Primary 7, pupils normally transfer to:

McLaren High School
Mollands Road
Callander
Tel: 01877 330156

ATTENDANCE

It is important that the school and parents work together to achieve good attendance as there is a strong link between good attendance and achievement. The school aims to encourage attendance by creating a welcoming and supporting ethos. If there are difficulties with your child's attendance, the school will contact you to discuss ways of resolving this.

If your child is unable to attend school due to illness or for any other reason, we ask that parents should notify the school as early as possible in the school day.

Parents should also give careful consideration to the impact on a child's education of taking holidays during term time. All schools are required to record attendance and absence of pupils and report on these figures to parents, the Council and the Scottish Government.

The Scottish Government's guidance – Included, Engaged and Involved: Attendance in Scottish Schools - issued to all local authorities in December 2007 provides guidance on how attendance and absence at school is recorded. This document clarifies that the majority of family holidays taken during term time will be categorised as **unauthorised absence** and that schools may only authorise a family holiday during term time under very exceptional circumstances.

Regular attendance scans are undertaken by the management team. When a child's attendance drops below 90%, parents will be notified by letter and asked to come in to talk to the headteacher about how best to support your child's progress.

Persistent latecoming also causes regular interruptions for some classes. It disrupts learning and teaching not only for the latecomer but for the whole class.

At no time during the school day should a child be removed by a parent from the school without informing the staff of the school. This includes lunchtime "disappearances". If a child is reported missing we will try to contact the parents or we will ask for help from the emergency contact or neighbours. If we fail to locate the child the Police will be informed. Please help us to keep your child safe. Poor attendance falls into the Council's Staged Intervention Framework and action will be taken to address patterns of poor attendance.

CHILD PROTECTION

The safety of children is everyone's responsibility. If staff have any concerns for a child or young person's wellbeing, they have a duty to pass on information that will help keep that child safe. All school staff receive child protection training at the beginning of a new academic year. Further opportunities for training throughout the year can be found on Vantage Point.

CLOTHING GRANTS

Some families may be eligible for clothing grants. Application forms can be obtained from Stirling Council, telephone 01786 233210 or downloaded from the Council website at <http://my.stirling.gov.uk/services/education-and-learning/parental-support/parental-support-benefits-and-grants/schools-clothing-grants-and-vouchers>.

Please take your completed application form, along with the documents requested, to your nearest local office, or Customer First, Port Street, Stirling or post to Stirling Council, Teith House, Kerse Road, Stirling, FK7 7QA.

COMPLAINTS

You can complain in person, by phone, email or by letter. We regard a complaint as any expression or dissatisfaction about our action or lack of action, or about the standard of service provided by us or on our behalf.

Who can complain?

Anyone can complain who is the parent or legal guardian of a child or a person authorised to complain on his/her behalf. For example, a child's grandparent who is not the legal guardian needs authority from the child's parent or guardian. This would normally mean a note to show that the person responsible for the child had agreed.

What can't I complain about?

Here are some things we can't deal with through our complaints procedure:

- A routine first time request for a service or action – e.g. informing the school that your child told you she is being bullied and asking them to resolve this.
- Requests for compensation from the Council.
- Things that are covered by a right of appeal, e.g. Exclusion from school which has its own statutory process. In these cases we will give you information and advice to help you.

You have 6 months to make a complaint after the event that you want to complain about takes place. If you first learn of the issue about which you want to complain after this point, you have a further 6 months to complain. In exceptional circumstances the Service may investigate matters more than a year old, but it is not obliged to do so.

We have a 2 stage complaints procedure.

Stage One - Frontline resolution

In the first instance please complain to your child's school or nursery, telling them as much as you can about the complaint, what has gone wrong and what you want them to do to resolve the matter. A senior member of staff, either the headteacher or depute head, will be responsible for looking into complaints. Heads are senior managers with a high level of responsibility for your child's learning and welfare and able to look into most matters. However, the headteacher may refer the Stage One complaint to Education Services centrally, e.g. if it is about the conduct of the headteacher or too complex to be dealt with at front-line service level.

The school or nursery will give you our decision at Stage One within 5 working days or fewer unless there are exceptional circumstances. If we need further time we will ask you to agree an extension of up to 5 further days. If the Stage One complaint has been referred to Education centrally your response will come from there.

Stage Two – Investigation

If you are dissatisfied with your Stage One response you can move to Stage Two. Stage Two deals with 2 types of complaints: those not resolved at Stage One and those not appropriate for Stage One, for example the conduct of a headteacher or too complex for a headteacher to deal with.

To move to Stage Two, you should e-mail (info@stirling.gov.uk), or you can ask the headteacher of the school or nursery to move the complaint to Stage Two on your behalf.

When using Stage Two:

- We will acknowledge your complaint within 3 working days.
- You will be contacted by the Investigating Officer for your complaint, who will usually meet you to confirm: the detail of your complaint, what you want to achieve, and if your expectations are achievable. In some cases, e.g. your complaint has been made in writing and is clear, there may be no need to meet. It is helpful if you present any evidence that you can offer in support of your complaint, e.g. contact details for witnesses, reports from other professionals etc. if appropriate.
- We will write to you confirming the details of your complaint, what you want to achieve, and what the investigation can cover.
- We will give you a full, written response to the complaint as soon as possible and within 20 working days. If our investigation takes longer than 20 working days we will agree revised time limits with you and keep you updated on progress.

After we have fully investigated your Stage Two complaint, if you are still dissatisfied with our decision or the way we dealt with your complaint you can ask the [Scottish Public Services Ombudsman](#) (SPSO) to look at it.

The SPSO cannot normally look at:

- A complaint that has not completed our complaints procedure
- Events that happened or you became aware of, more than a year ago.

Stirling Council

Schools, Learning and Education

Enrolment Arrangements : Primary & Secondary School Education in 2017

The 2017/2018 school year starts on 22 August 2017. This is the **only** date for beginning primary school education for that year.

All children who are five years old on or before 22 August 2017 are of school age and **must** start their primary school education on that date.

Children who are five years old between 22 August 2017 and 28 February 2018 **may** start their primary school education on 22 August 2017 for the above school year.

If you want your child to start school in August 2017 you **must** enrol him/her **by 27 January 2017**. For details on school catchment areas, or for further information on enrolment procedures, please contact your local school or Schools, Learning and Education, Municipal Buildings, 8-10 Corn Exchange Road, Stirling on 01786 233185 or visit www.stirling.gov.uk.

The list of dates when schools are enrolling pupils will be available on the Council website from 5 December 2016.

As part of the enrolment process Stirling Council now checks the residency of all parents wishing to enrol their child at their catchment school. To avoid delay parents should attend their catchment school with their child's birth certificate, child benefit book/award letter, tax credit award letter, a recent council tax bill and 2 utility bills.

Gaelic Medium Provision

Gaelic Medium Provision is available at Riverside Primary School, Forrest Road, Stirling for which parents may enrol their child. Further information is available from the school.

Notice to Parents and Guardians of Children due to Transfer from Primary to Secondary School

Children currently in P7 will transfer from primary to secondary education in August 2017. You will receive notification of transfer arrangements through your primary school. Enrolment at a secondary school other than your catchment school requires submission of a placing request even if your child already attends an associated primary school of your chosen secondary school.

Placing Requests for Session 2017/2018

In accordance with the Education (Scotland) Act 1980 as amended, Stirling Council hereby informs parents or guardians who wish to make a placing request for the school session 2017-2018, to do so in writing **by no later than 15 March 2017**. Your right applies to a request that your child be placed in a school other than the school which normally serves the area in which you live. It applies to a primary school or, where appropriate, the transfer to a secondary school, including a school providing for children with additional support needs. Application forms and guidelines are available from Schools, Learning and Education, Municipal Buildings, 8-10 Corn Exchange Road, Stirling on 01786 233185.

It is essential that you enrol your child at the school that serves your local area even if you are making a placing request for another school.

Please note that if your placing request is successful school transport will not be provided for your child.

Schools Information

Information on local authority schools in Stirling Council and placing request arrangements are available from Schools, Learning and Education, Stirling Council, Municipal Buildings, 8-10 Corn Exchange Road, Stirling.

Information concerning individual schools is available at that school. Parents wishing to apply for enrolment to Our Lady's RC Primary School, St Mary's RC Primary School, St Margaret's RC Primary School, St Mary's Episcopal Primary School and St Modan's High School should contact the school to discuss enrolment policy. Details are also available on the Council website www.stirling.gov.uk

EQUALITIES

All educational establishments seek to ensure everyone within the learning community is treated equally and fairly. Where there are incidents of discrimination, harassment or victimisation then this will be taken very seriously.

Stirling Council has developed Council-wide policies for diversity, race, disability and gender equality. In all of our educational establishments we provide an environment that follows the principles of 'Getting It Right For Every Child' (GIRFEC) and ensures every child and young person is Safe, Healthy, Achieving, Nurtured, Included, Active, Respected and Responsible. This includes promoting and supporting diversity in our educational communities.

Anti-racism awareness and education is a priority for Schools, Learning and Education. It is supported by a range of coordinated programmes and partnership inputs for schools, staff and the wider community.

There are a number of developments to support children and young people who may be discriminated against due to their identity, race, nationality, religion, disability and sexual orientation.

Schools will always take action against discriminatory incidents. The authority and schools monitor any race/hate activity through the use of The MAHRS (Multi-Agency Hate Response Strategy).

INCLUSION

The 2009 Act strengthens the duties placed on Stirling Council Education to identify and meet the additional support needs of children and young people. We continue to do this through the Staged Intervention process.

The 2009 Act clarifies the definition of additional support needs and increases the rights of parents and young people in respect of requesting assessments, making placing requests as well as access to the Additional Support Needs Tribunal for Scotland (ASNTS). The Act also places a duty on Stirling Council to provide access to mediation and dispute resolution services free of charge to parents in certain circumstances. A leaflet - A Guide to Getting Help and Resolving Disagreements, is available on the council website.

The Act now deems all Looked After children to have additional support needs unless the education authority determines otherwise. Stirling Council have procedures in place to assess these needs through the Staged Intervention process, as with all children and young people who may require additional support.

We have produced a series of leaflets for parents, carers and young people and these are available from school and other council establishments. The series includes guides to:

- Additional Support for Learning in Stirling
- CEAT – Community Early Assessment Team
- Co-ordinated Support Plans (CSPs)
- Enhanced Transition for Leaving School
- Getting Help and Resolving Disagreements
- Going to Meetings
- Individualised Educational Programmes (IEPs)

- Pre-school Children with Additional Support Needs
- Psychological Services
- Staged Intervention

More information on The Education (Additional Support for Learning) (Scotland) Act 2009 is provided by Enquire – the Scottish advice service for additional support for learning.

Operated by Children in Scotland, Enquire offers independent, confidential advice and information on additional support for learning through:

- A telephone helpline – 0845 1232303
- An email enquiry service – info@enquire.org.uk
- Two websites - www.enquire.org.uk (for parents/carers and practitioners)
www.enquire.org.uk/yp (for children and young people)

Enquire also provide a range of clear and easy to read guides and factsheets explaining everything from 'additional support in the early years' to 'what planning should take place for moving on from school'.

The Scottish Government have a duty to provide an advocacy service to parents and young people following a reference being made to the Additional Support Needs Tribunal for Scotland (ASNTS). Ministers have also agreed that the advocacy service should also provide support for parents and young people from the time they have grounds to make a reference to the ASNTS. It will be a national service and available to parents and young people on request and free of charge.

This is a partnership between Kindred Advocacy Service and the Scottish Child Law Centre referred to as "Let's Talk". The two organisations will work together to deliver lay and legal advocacy for parents and young people. The service will focus on non-legal representation, but where appropriate in complex cases legal representation will be available. For further information on this advocacy service please contact the Scottish Child Law Centre on:

- Telephone: 0131 6676333
- E-mail: enquiries@sclc.org.uk
- Web: www.sclc.org.uk

Stirling Council Education is committed to working in partnership with all parents and carers of children and young people with additional support needs and seeking their views on all aspects of the support provided in educational establishments. We encourage parents to contact the school/establishment in the first instance if there are any queries or concerns, and we will always try to resolve any difficulties as soon as possible.

Further information on how support for learning is organised in Stirling is available by contacting either the school, or the ASN team at Municipal Buildings: telephone 01786 233179 or e-mail additionalneeds@stirling.gov.uk.

GETTING IT RIGHT FOR EVERY CHILD

Getting it Right for Every Child or GIRFEC is a national approach to supporting and working with all children and young people in Scotland. It is relevant for:

- all children and young people
- all services and agencies working with children and adults in the public and voluntary sectors.

Getting it Right for Every Child Aims to: -

- Improve outcomes for children
- Ensure that all agencies respond appropriately and when required
- Work together to address the needs and risks for children and young people
- Provide mechanisms for identifying and planning how we can help young people
- Improve services and measure the impact they have on a child's wellbeing

Wellbeing

The Getting it Right approach looks at eight areas of 'well-being'. These are recognised as areas in which children and young people need to progress in order to do well now and in the future. They allow those responsible for the care and support of children - including members of their own families - to look at a situation in a structured way that will help them identify any needs and concerns, and plan with the child and family any action they need to take. The eight well-being indicators are:

- Safe
- Healthy
- Achieving
- Nurtured
- Active
- Responsible
- Respected
- Included

The approach gives them a common language and a way to gather information about a child's world, making sure the child is growing and developing, and has everything they need from the people who look after them both at home and in the wider community. It also encourages practitioners to think about who else might need to be involved (for example a teacher, working alongside the parents and child, might need to contact other professionals, to make sure that an education improvement plan was meeting all the child's needs).

Stirling Council is committed to the aspiration of Getting it Right for Every Child and will support your child through well-established staged approaches. If your child has additional support needs, support will be provided through the current staged intervention process. As has always been the case, advice or support is provided on a voluntary basis.

As with all local authority schools in Scotland, this school operates under the terms of the Additional Support for Learning Act (2009) and its accompanying Code of Practice. Further details of the policies and procedures can be found on the [Stirling Council website](#).

Working with other agencies and professionals, for example, Social Work Services, Educational Psychology Service, National Health Service and parents, decisions are made jointly with parents, children and young people, to meet the needs of the child utilising the resources available.

Where a child may be at risk of harm, current Child Protection procedures will be followed.

Named Person Service

Following the Supreme Court Ruling in July 2016, full implementation of the Named Person was paused so that the Scottish Government could take steps to make the necessary changes to the information sharing provisions in the Children and Young People's Act, working in partnership with stakeholders. The Deputy First Minister's ambition is to work towards a commencement date of August 2017. At this point every child from birth to 18 (or beyond if still in school) will have a Named Person available to them as a point of contact when seeking support or guidance in relation to their child.

What is the Named Person Service?

Parents are with very few exceptions, the best people to raise their children. Most children and young people get all the support they need from their families, from teachers and health practitioners and from the wider communities. The Named Person does not change these roles.

Every child in Scotland will have a Named Person available to them, who acts as a single point of contact and can work with children, young people and their families to seek additional help, advice or support if they wish to access this support.

The Named Person Service is a requirement of the Children and Young People (Scotland) Act 2014. The Act formalises Getting it Right for Every Child (GIRFEC). The Health Board and Local Authorities must make a Named Person available for each child and young person in Scotland.

What can the Named Person do?

- Listen and take account of the views of children, young people and their families.
- Help to promote, support and safeguard children's wellbeing.
- Ensure the right help is available at the right time for children, young people and their families.
- Working in partnership with parents and carers provide or access information, advice and support from within their own service or request support from other services when required.
- Share relevant information with other services and agencies when required, in line with data protection and article 8 of ECHR.
- Make sure that any support is coordinated and focuses on the needs of the child or young person.

For further information refer to the Scottish Government website:

<http://www.gov.scot/Topics/People/Young-People/gettingitright/named-person>

INSURANCE INFORMATION

1 Public Liability

Stirling Council has Public Liability Insurance in respect of claims against the Council for bodily injury to any person or for loss or damage to any person's property for which the Council is legally liable. Negligence or failure to fulfil a statutory obligation on the part of the Council or its employees resulting in injury, loss or damage to property must be established.

Pupils' Property

Each session, unfortunately but inevitably, pupils' property is lost, damaged or stolen in school. Parents should be aware of the following points:

- a) Parents' house contents policy may give some measure of cover for personal effects of family members.
- b) It is suggested that parents may wish to consider taking out additional individual personal cover.
- c) Pupils should be encouraged not to bring valuables to school.

The general rule is that pupils bring property to school at their own risk. There may be situations where the school accepts responsibility for pupils' property, but otherwise the council is not responsible if property is lost, damaged or stolen in school.

2 Personal Accident/Travel Cover – Educational Excursions

The Council has arranged insurance cover for Educational Excursions organised by the Council.

A brief summary of the cover is as follows:

Persons Covered: Organisers, participants, members, employees and others on excursions or trips organised by or under the auspices of the Council.

When Covered: While participating in any activity organised by or on behalf of the Council beyond the limit of the school grounds.

If you require further information please contact the Council's Insurance Team on 01786 233437.

SCHOOL HEALTH SERVICE

The Forth Valley NHS has a statutory obligation to provide a health service for all school-age children in the Stirling Council area. The aim of the service is to make sure that all children are in the best possible health to benefit from their education and to provide the education service with advice and support about the spread of infections and the promotion of good health.

Parents/carers will be given the opportunity to meet the named nurse for the school when their child starts school in Primary 1. This will involve parents completing a health questionnaire for their child. The nurse may make contact with parents/carers based on the information provided by them. Teachers and parents/carers are encouraged to report any concern about hearing, especially in primary one pupils. Hearing is no longer part of the routine checks done in school.

If you have any concerns with your child's health which may affect their education, an appointment can be arranged with your named nurse (contact details below). School staff, with parents' permission, can request an appointment with the named nurse at any time. The named nurse will also liaise closely with the Team Leader who has overall responsibility for primary school children.

The community paediatric doctor will see children at their clinic who have additional support needs or who have any significant ongoing medical or developmental conditions affecting their education. School staff and parents can contact the named nurse if they have any health concerns regarding children which may affect their educational needs. The nurse will then offer a Health assessment in school or in the child's home.

All children within P1 will receive a toothbrush, toothpaste and leaflet- "Make your smile count" A dentist from the Salaried Dental Service will carry out a dental inspection of your child in P1 and again in P7. Dental treatment can be offered to those children unable to register with a general dental practitioner through the Salaried Dental Service.

The School Health Service can be contacted at:

Area Community Child Health Department
Stirling Royal Infirmary
Livilands
Stirling FK8 2AU
Telephone: 01786 434150

Infectious Diseases

Colds, flu and gastro-enteritis are the most common infections affecting children of school age. It is important that you keep your child off school in the early stages of flu and while they still have diarrhoea. Children who have had diarrhoea should stay off school for 48hrs after the last episode of diarrhoea. It is also important that your child understands how to prevent picking up and spreading such infections. You will be able to get further advice about good health from your named school nurse or staff in your Health Centre or GP Practice.

For advice about early detection and treatment for other infectious diseases e.g. chickenpox and mumps please consult your GP or School Nurse.

Head Lice

Head lice are spread through head to head contact. This can happen at home, in the community, or in school. Regular combing of your child's hair using a head lice detection comb is the best way to catch this possible problem at an early stage.

The only way to be sure that your child has head lice is to find a live louse. If you find live lice, you need to get the correct lotion from your doctor, health visitor or pharmacist. The instructions need to be followed carefully. If this is not done then re-infection is likely.

If lice are found, all family members and close friends of your child should be checked. Treatment should only be applied if live lice are found. Products used for treating head lice must be ones that can be left in the hair for 12 hrs, this treatment requires to be repeated after 7 dys. You should advise others of this possible problem in the same way as you would tell family and friends about other infections which might affect them.

Further advice can be obtained from the Health Board. A head lice leaflet is available in all schools and health centres.

SCHOOL MEALS

Lunches are provided every day for children and young people in all schools. All food and drink provided meets national requirements for nutritional standards as well as guidance aimed at encouraging uptake and removing the stigma attached to free school meals.

Meals are provided by the Council's catering service. Menus are seasonal and are changed twice a year, spring/summer and autumn/winter. All recipes are analysed to make sure that they provide a healthy and well-balanced meal. The catering service tries to suit the majority of tastes by offering choices which include a daily vegetarian option as well as a range of packed lunches. Children having packed lunches are supervised. We encourage parents to ensure home packed lunches are healthy and do not contain fizzy drinks, sweets and Nuts.

Pupils and their parents have opportunities to provide feedback and have a say about the content of future menus and the catering service is committed to introducing new products and to promoting healthy food choices.

Stirling Council achieved the Silver Food for Life Catering Mark in March 2014. This guarantees that all menus are prepared using non GM ingredients, are 75% freshly prepared, use only free range eggs, avoid additives and trans fats with meat and poultry sourced in a way that ensures animal welfare is taken care of. All milk provided to the children to drink or within their meals is organic. More information about the standard can be found at <http://www.sacert.org/catering>.

Menus and current prices can be viewed on the Council's website at <http://my.stirling.gov.uk/services/education-and-learning/schools/schools-catering>.

Special diets can be catered for and parents should contact the headteacher to discuss any special dietary requirements.

In primary schools, it is very helpful if meals are paid on a Monday morning for the coming week. This means support staff can be timetabled efficiently for the collection and banking of monies and allows more time for direct support for children. Payments can be made by cash or cheque, although cheque is preferred. Secondary school pupils are able to pay on a daily basis.

Children who stay for lunch in school must remain within the school grounds where supervision is provided.

The Catering Service can also provide a healthy packed lunch for school trips.

Some families may be eligible for free school meals. An application form is available from the school or can be printed from the Council's website, <http://www.stirling.gov.uk/services/education-and-learning/parental-support/parental-support-schools-and-education/free-school-meals>. This form should be completed and returned to Customer First, Port Street, Stirling or post to Stirling Council, Teith House, Kerse Road, Stirling FK7 7QA. The service understands that parents' circumstances can change throughout the year and if this happens, forms can be sent in at the appropriate time.

TRANSPORT

In general Stirling Council provides free transport to children who live more than two miles from their catchment school.

Further information is available on the Stirling Council website at:

<http://www.stirling.gov.uk/services/education-and-learning/schools/schools-travel-and-trips/schools-transport>.

UNEXPECTED CLOSURES

While schools have contingency planning in place to cope with a number of circumstances, sometimes it is necessary to close schools or amend the normal school day. e.g., storm damage, power cut.

In the event of this happening, we have to ensure school record of parents place of employment and childcare arrangements are up to date. Please make sure we have an emergency contact telephone number and address. We will issue an annual update form to check the accuracy of contact details and other information held by the school.

Please make sure your child knows who to go to if you are not at home.

EDUCATION STATISTICS PRIVACY NOTICE

Annual Data Check

On an annual basis schools request that parents and carers update the information that they hold for administrative purposes. It is important that this information contains up to date details as the school may use it in the event of an emergency. This information is also used to submit secondary school pupils for SQA examinations.

When you receive an Annual Data Check you should make any corrections or additions in pen and return to your child's school.

If you move address or change your mobile phone number please remember to notify the school.

Pupil record information is used in accordance with the Council's Data Protection Notification.

Transferring Educational Data About Pupils

The Scottish Government and its partners collect and use information about pupils in schools (e.g. the number and characteristics of pupils, their attendance, absence and exclusions, their attainment and their destination when leaving school) to help to improve education across Scotland. This note explains why we need this information, how we use it and what we do to protect the information supplied to us.

Why do we need your data?

In order to make the best decisions about how to improve our education service, Scottish Government, education authorities and other partners such as the SQA and Skills Development Scotland need accurate, up-to-date data about our pupils. We are keen to help all our pupils do well in all aspects of school life and achieve better examination results. Accurate and up-to-date data allows us to:

- plan and deliver better policies for the benefit of all pupils
- plan and deliver better policies for the benefit of specific groups of pupils
- better understand some of the factors which influence pupil attainment and achievement
- share good practice
- target resources better
- enhance the quality of research to improve the lives of young people in Scotland

Data policy

Information about pupils' education is collected through our statistical surveys in partnership between the Scottish Government and Local Authorities through the ScotXed Programme which aims to help schools and Local Authorities by supporting efficient collection, processing and dissemination of statistical information. The Scottish Government then provides analysis of the data to support research, planning, management and monitoring of education services as well as to produce National Statistics publications.

Education data within Scottish Government is managed effectively by secure systems and is exploited as a valuable corporate resource, subject to confidentiality restraints. As part of its data policy, Scottish Government will not publish or make publicly available any information

that allows individual pupils to be identified, nor will data be used by Scottish Government to take any actions in respect of individuals. Data is held securely and no information on individual pupils can or would be made publicly available by Scottish Government.

The individual data about pupils in schools collected by Scottish Government through statistical surveys is used only for the statistical and research purposes for which it is collected.

Your data protection rights

The collection, transfer, processing and sharing of ScotXed data is done in accordance with the Data Protection Act (1998). We also comply with the National Statistics Code of Practice requirements and other legislation related to safeguarding the confidentiality of data. The Data Protection Act gives you the right to know how we will use your data. This note can give only a brief description of how we use data. Fuller details of each individual ScotXed survey, including the purpose of each and the published data, can be found on the ScotXed website (<http://www.gov.scot/Topics/Statistics/ScotXed>). Pupil names and addresses (other than postcode) are never collected in any ScotXed statistical survey.

Scottish Government works with a range of partners including Education Scotland, Skills Development Scotland and the SQA. On occasion, in order to help meet our aim of improving the life of young people in Scotland, we may make individual data available to partners such as the National Registers of Scotland to carry out research relating to the national population census and also to academic institutions and organisations to carry out additional research and statistical analysis which helps inform policy development and contributes to improving outcomes for Scotland's people. In order to carry out this research to support better decisions, policy making and practice, data may be linked to information from other sources.

Any sharing or linkage of data will be done under the strict control of Scottish Government, and will be consistent with our data policy and the National Data Linkage Guiding Principles. This will ensure that no individual level data will be made public as a result of the data sharing and that these data will not be used to take any actions in respect of an individual. Decisions on the sharing or linkage of data will be taken in consultation with relevant colleagues and individuals within and outwith Scottish Government. At all times pupils' rights under the Data Protection Act and other relevant legislation will be ensured.

Concerns

If you have any concerns about the ScotXed data collections you can email the Head of Schools Analysis, Mick Wilson, at mick.wilson@scotland.gsi.gov.uk or write to Education Analytical Services, Area 2D, Victoria Quay, Leith, EH6 6QQ.
